Highly motivated Economics graduate with a first-class honours degree and a strong passion for data analysis. Throughout my studies, I developed a deep understanding of economic principles, alongside robust analytical and quantitative skills. Driven by a keen interest in data and statistics, I have developed proficiency in STATA and R Studio, with a foundational knowledge of Python and SQL. I am eager to apply my knowledge to new challenges, leveraging my ability to analyse complex datasets and provide valuable insights in a data-focused role.
